Spring Environmental Concerns

A presentation by the Stockbridge-Munsee Environmental and Ecology Departments will be held at the Stockbridge-Munsee Health & Wellness Center in the lower level conference room. They will be talking about ticks, noxious plants, where they commonly grow, how to ID them and the skin irritation they can cause.

Lunch & Learn
April 11, 2023
12:00–1:00PM

PROTECT · CHECK · REMOVE · WATCH

Spring is tick season! We will also be learning about where ticks live, how to prevent tick bites, tick-borne illnesses, and how to safely remove a tick.
